|---|----------------------------------|
| ESPM LOG No: 17-14679 | NNSA/LFO LOG No: NA-17-05 |
| 1. PROJECT/ACTIVITY TITLE: Security Surveillance Project | DATE: June 2017 |
| 2. PROJECT DESCRIPTION: <p>To prevent unauthorized access to sensitive information and other protected assets at the DOE/NNSA sites, and because DOE/NNSA sites require the appropriate clearance or access level and entry is subject to search at the discretion of the officers staffing the entry gates, DOE/NNSA has a need to install, operate and maintain intrusion detection and access control equipment at the LLNL Livermore Site.</p> <p>The proposed project would install, operate and maintain security video equipment at the Livermore Site along site boundaries and other outdoor areas. This is in addition to existing security cameras. Equipment would be installed on existing fencing or on newly installed concrete footings and metal poles as needed to maintain coverage for a secure perimeter. Installation of the equipment would involve trenching short distances in buffer zones to run electrical power and data lines. Excavations would be required for placing concrete footings.</p> | |
| 3. Categorical Exclusion(s) Applied: <p>B2.2 Building and Equipment Instrumentation</p> | |

*-For the complete DOE National Environmental Policy Act regulations regarding categorical exclusions, see Subpart D of 10 CFR 1021

This action would not: threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and health, including DOE and/or Executive Orders; require siting, construction, or major expansion of waste storage, disposal, recovery, or treatment facilities, but may include such categorically excluded facilities; disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that pre-exist in the environment such that there would be uncontrolled or unpermitted releases; or adversely affect environmentally sensitive resources (including but not limited to those listed in paragraph B.(4)) of Appendix B to Subpart D of 10 CFR 1021). Furthermore, there are no extraordinary circumstances related to this action that may affect the significance of the environmental effects of the action; this action is not "connected" to other actions with potentially significant impacts, is not related to other proposed actions with cumulatively significant impacts, and is not precluded by 40 CFR 1506.1 or 10 CFR 1021.211.

Based on my review of information conveyed to me and in my possession (or attached) concerning the proposed action, as NEPA Compliance Officer (as authorized under DOE Order 451.1B), I have determined that the proposed action fits within the specified class(es) of action, the other regulatory requirements set forth above are met, and the proposed action is hereby categorically excluded from further NEPA review.
